### Domestic Violence Services

This guide has been assembled to make it easier for Hamilton County residents to find the resources needed to make a difference for someone dealing with domestic violence.

“Domestic Violence is an ongoing pattern of abusive behaviors, physical, sexual and psychological, intended to maintain power and control that occur in intimate, familial or institutional relationships,” according to the Coalition Against Domestic and Community Violence of Greater Chattanooga, Inc.

**FAMILY VIOLENCE HOTLINE (423) 755-2700**

Available 7 days a week, 24 hours a day,  
completely confidential.

*Provided by the Partnership for Families, Children and Adults*

This guide provides a listing of resources in two ways.

**First** by the type of services that might be needed, example:  
Housing/Shelter.

**Second** by the name of the agency, example: **Children’s Advocacy Center**, with contact information and a brief summary of services offered. Many of these service providers have websites with detailed information and a quick escape button to provide safety for viewers who may be suffering from abuse.

We encourage you to seek help for yourself or someone you care about who is in an abusive relationship. Everyone deserves to live without fear and there are many who are waiting to help with advice, shelters, emergency services, legal advice, childcare, even job opportunities.

**REMEMBER:** *You are not to blame for being battered or mistreated, nor are you the cause of your partner’s abusive behavior. You deserve to be treated with respect, to have a safe and happy life, for yourself and your children. You are not alone. There are people waiting to help you, even if you choose to stay in the relationship.*

# *Tips for Managing an Abusive Relationship*

- 1 Create a Personal Safety Plan (see pages 6–7)
- 2 Call 911 for immediate assistance or if you have been hurt.
- 3 Planning to leave an abusive relationship? **This is the most dangerous time!** Arrange to leave critical items with a trusted friend, like money, extra keys, important documents (social security card, drivers license, birth certificates, address book, credit cards, checkbook, school records, medical records, insurance papers, house papers, work permits), prepaid cell phone that your abuser doesn't know about, medications, and extra clothes. Locate safe shelter. Rehearse the escape plan, with the children if possible.
- 4 Don't tell your abuser you will leave if he hits you one more time, as you may be giving him permission to hit you again.
- 5 Make a safety plan after you are no longer living with your abuser to protect yourself and your children. This may include sturdy locks, security systems, second floor escape ladder, smoke detectors and fire extinguishers, or extra lighting outside your home.
- 6 Teach your children who to call when necessary and how to protect themselves. There are people who can help you with the impact of domestic violence on your children.
- 7 Learn the best ways to maintain a protective order. To learn about protective restraining orders call 1-800-799-7233 (SAFE).
- 8 Restrict your own alcohol and drug use so you will not be physically impaired when it is necessary to take action to protect yourself and/or your children.
- 9 Know your abuser's red flags and come up with reasonable reasons you can leave the house day or night.
- 10 Identify safe areas of the house, avoiding small spaces or enclosed spaces without an exit.

- 11** Build as strong a support system as your partner will allow. Get involved with activities and people outside your home and encourage your children to do so.
- 12** Be kind to yourself! Develop a positive way of looking at yourself and talking to yourself. Allow time to do things you enjoy.
- 13** When seeking help for domestic violence it is important to cover your tracks, especially when using a phone or computer. Avoid using your cell phone for these calls. Borrow a friend's phone or use a land line. Use a safe computer. It is almost impossible to clear a computer of your search history. Consider creating a new email account that your abuser doesn't know about.
- 14** Watch for monitoring from your abuser. This may include hidden cameras, baby monitors, or GPS devices hidden in your purse or car. If you have GPS in your car your past movements can be tracked. If you discover these devices, leave them alone until you leave so you won't alert your abuser.
- 15** **HOTLINE: 423.755.2700.** Call the Family Violence hotline number for Chattanooga to find the domestic violence shelter, which is in a confidential location. You can take your children to a domestic violence shelter and they will help you find alternate housing at the appropriate time. They can also help you start a new life.
- 16** To remain safe after leaving your abuser, be prepared to relocate, find a new job, switch your children's schools, use a post office box instead of a street address, get an unlisted phone number, cancel your old bank accounts and credit cards, and think about places your abuser may know to look for you.

*Have a heart that never hardens,  
and a temper that never tires,  
and a touch that never hurts.*

—CHARLES DICKENS

# *My Personal Safety Plan*

The following steps are my plan for increasing my safety and preparing to protect myself in case of further abuse.

Although I can't control my abuser's violence, I do have a choice about how I respond and how I get to safety. I will decide for myself if and when I will tell others that I have been abused, or that I am still at risk. Friends, family and co-workers can help protect me, if they know what is happening, and what they can do to help.

*To increase my safety, I can do some or all of the following:*

**1** When I have to talk to my abuser in person, I can \_\_\_\_\_

---

---

**2** When I talk to my abuser on the phone, I can \_\_\_\_\_

---

---

**3** I will make up a "code word" for my family, co-workers, or friends, so they know when to call for help for me. My code word is \_\_\_\_\_

**4** When I feel a fight coming on, I will try to move to a place at home or work or in public that is lowest risk for getting hurt such as \_\_\_\_\_

---

---

**5** I can tell my family, co-workers, boss, or a friend about my situation. I feel safe telling \_\_\_\_\_

---

---

**6** I can use an answering machine or ask my co-workers, friends or other family members to screen my calls and visitors. I have the right to not receive harassing phone calls. I can ask \_\_\_\_\_

\_\_\_\_\_ to help screen (home) (work) my phone calls.

**7** I can call any of the following people for assistance or support if necessary and can ask them to call the police if they see my abuser bothering me.

Friend/phone # \_\_\_\_\_

Relative/phone# \_\_\_\_\_

Co-worker/phone # \_\_\_\_\_

Counselor/phone # \_\_\_\_\_

Shelter/phone # \_\_\_\_\_

Other \_\_\_\_\_

**8** When walking, riding or driving home, if problems occur, I can \_\_\_\_\_

**9** I can attend a support group for women who have been abused. (Confidential support groups are available through the Family Violence Hotline.)

**10** Telephone Numbers I Need to Know:

Police/Sheriffs Department: \_\_\_\_\_

Probation Officer: \_\_\_\_\_

Counselor: \_\_\_\_\_

Clergy Person: \_\_\_\_\_

Attorney: \_\_\_\_\_
